Short Bio:

Jake's Music Festival is a combination of great music and a great cause. For the fourth consecutive year local bands will get together for a concert to benefit the Juvenile Diabetes Research Foundation. The Festival was started by Tom and Mary Scheidel of Rockford and named for their son Jake who was diagnosed with Type 1 or juvenile diabetes 11 years ago when he was only six. Local performers MidLife Crisis, Truckstop Cobras, The Waxies, End Times Orchestra, Simien the Whale, Five Leaf Clover, Karisa Wilson, Todd Herring and Andy Holtgrieve donate their time to this worthy cause. For only \$10 a ticket you can see great bands and help find a cure for a terrible disease.
